

The Ski News

A Word from the President

I am excited to be your next president and take on the challenges of a club that has such an long and profound tradition. I remember the stories from my parents when they were members in the early 60's and how much they enjoyed the friendships and trips they experienced and look forward to continuing the tradition for many years to come. Your board of directors is working to meet the changing needs of our members as well as prospective members. For every member of this ski club, I have one goal for each of you. I would like to encourage everyone to always be on the lookout for potential new members. If you know anyone who has any interest in our club, contact Stan Stegelman and he will be happy to send out a membership application. Thanks!

Chris
